

APPLY FOR THE AGRO INNOVATION LAB

We are the innovation hub of the RWA Group and the Raiffeisen Lagerhaus cooperatives and we are seeking entrepreneurs in the field of agriculture to join our acceleration program from September to December 2016!

Our program

We provide selected services and resources all specifically appropriate for teams in the field of agriculture who want to optimize their prototype by testing it on the market with our support as well as teams with a market-ready product:

Resources	Know-How & Mentoring	Network & Financing
<ul style="list-style-type: none">■ Laboratory usage■ Storage space■ Engine test benches■ Cultivation field trials■ Office space■ 15k cash support	<ul style="list-style-type: none">■ Experts to support your agricultural product development■ Specific know-how in sales, market positioning, logistics and organization	<ul style="list-style-type: none">■ RWA Group as potential investor as well as contact to other investors■ Potential sales cooperation with RWA Group/ Raiffeisen Lagerhaus cooperatives■ Broad network of agri-business players, political leaders, universities, research institutes, service partners etc.

(Note: The 'Resources' column includes a battery icon, 'Know-How & Mentoring' includes a lightbulb icon, and 'Network & Financing' includes a hexagonal molecular structure icon.)

Our focus

We are looking for teams all over Europe who are working on a technology, product or solution that can be used in the field of agriculture such as:

- plant nutrition & water supply
- plant breeding
- food trends & marketing
- animal husbandry & feed stuff
- plant protection
- organic agriculture
- agricultural commodity trading
- agro-tech

Interested?

If you are unsure if the program fits your project or specifications or if you need detailed information regarding the application and/or conditions, please have a look on our website: **agroinnovationlab.com** or contact us via email **r.bauer@agroinnolab.com**

We are looking forward to your application!

Many thanks to our **20+** partners for supporting our startups.
